

SOUTH HANTS AREA GROUP

Supported by EMGS and Scalefour Society

SHAG (*Phalacrocorax aristotelis*)

The next meeting will be held on
Tuesday 9th July from 7.30pm

at the South Hants Model Railway Club clubrooms, Fort Widley,
Portsdown Hill Road, Portsmouth PO6 3LS

“Bramsdén – an East Suffolk Market town”

Dave Hawkins will be talking about his 1950s townscape, a project in his head for over forty years and finally coming to fruition. Dave will be happy discuss any aspect of this model, including overall design, building construction, production of computer-generated graphics and a first attempt at producing etched components. Also, why on earth he embarked on the project in the first place! Never fear, there is a railway connection and hopefully a relevance to layout design in general.

Additionally, in a similar vein, the South Hants ‘Cromwell Road’ group will be showing prototype mock ups for their ambitious cityscape which will form a part of this new EM layout

Tea/coffee and biscuits will be available at the meeting.

At the end of the evening members are invited to join the Portsmouth lads at a local pub just down the road before they go home.

The meeting is open to all, whatever scale and standards you work in.
For directions to Clubroom please refer to the SHMRC website - www.shmrc.org.uk
